Lap Swimming Etiquette

- If a lane is open, you may jump into that lane.
- When all the lanes have at least one swimmer, select the lane with the person swimming approximately your speed. Notify swimmer before jumping into that lane that you would like to share the lane.
- With two (2) swimmers in one lane, the swimmers may opt to keep to one side or circle swim (swim counterclockwise). Keep to the right at all times when circle swimming.
- With two or more swimmers per lane, it is recommended to circle swim.
- If a swimmer behind you looks as though she or he may overtake you on the next lap, stop and wait at the wall for the swimmer to pass you.
